

## Specification Sheet

Part # HDL-WP1-XXW

LED Wallpack

PROJECT NAME	
CATALOG #	
NOTES	
FIXTURE TYPE	

### Product Description

How Digital's LED Wallpack is built with durability in mind and serves as a perfect light source on building exteriors. Fixtures are available in black or bronze with optional photocell and/or motion sensor. Power output and color temperature are completely selectable with 3 options to choose from. All How Digital LED fixtures are constructed with the latest generation of high efficacy LM-80 certified LED chips, encased in a durable and rugged luminaire that will operate for many years with little to no maintenance required. This product is IP65 rated for use in wet locations. All How Digital products come standard with a 5-year limited product warranty.
